

TRINITY 800 SOLAR BOLLARD

Product Code: SBTR80-FM

Product Details:

The Trinity 800 Solar Bollard is manufactured using the latest solar technology and is a perfect solution for low-level lighting. The high performance LED optics and PIR sensor ensure that excellent illumination is achieved when required. The biggest benefit of this solar bollard the savings on energy costs and also the low-cost of installation with no need to run cables for a mains connection. Constructed from Die Cast Aluminium with a flange base for ground mounting the Trinity bollard comes with a 3 year warranty on the whole system.

Specifications:

LED Optics	3.5W Asymmetric (100%)
Luminous Flux	420LM (100%)
Solar Panel	Monocrystalline 6 Wp Grade A
Battery	Lithium LIFEP04 29 W/h
Colour Temp	5000K
Autonomy	More than 24 hours - 4 consecutive rainy days
PIR Sensor	180°
Finish	Black - Die Cast Aluminium
Diffuser	Clear/Frosted - Polycarbonate
IP Rating	IP65
IK Rating	IK8
Insulation Class	Class III
Certification	UKCA, CE
